

ACCOUNTING & MANAGEMENT
CONSULTING, LLC

www.TNRaccounting.com

In response to the COVID-19 outbreak last year, Harris County partnered up with the Houston-Galveston Area Council to develop and administer an economic development loan program. TNR Accounting & Management Consulting, LLC (aka TNR), an HMSDC MBE, was one of four underwriting teams awarded the project. To support the execution of the awarded project, TNR sought a fellow MBE to subcontract and partner with on the project.

TNR contacted the HMSDC for support in securing a qualified MBE subcontractor. The HMSDC provided TNR contact details for various minority business enterprises (MBE) with the proper qualifications to back the project development. As a result of HMSDC's support in the sourcing process, TNR was able to interview various MBEs and select a qualified MBE subcontracting partner (Harris-Jones Staffing & Recruiting) within the same day. Additionally, TNR was able to service the Harris Country project in excellence with HS Staffing & Recruiting as its subcontractor.

Today, TNR thanks HMSDC Administration and all individuals involved to make this sourcing outcome a great success. They remain passionate about representing the excellence of MBEs and enthusiastic about the future.
